Dear Parents, Staff and Students,

It is hard to believe that we are almost half way through 2013! At this time it is important for us all to reflect on our achievements so far and plan strategically for the future. Our mid year Reporting Process is an important part of this planning. Tomorrow afternoon families will receive student’s Learning Portfolios including mid year reports detailing their achievements and future learning needs. This portfolio, which also contains samples of your child’s work and student self evaluation provides a valuable insight into your child’s achievements and progress in their learning. Accompanying today’s newsletter is a Michael Grose article about ‘Reading your child’s report’ which we hope you will find useful.

Please arrange to speak with child’s teacher if you require any further information about your child’s progress at this stage. Parent Teacher Interviews and 3 Way Conferences are scheduled for 13th and 14th of August.

On Monday five of our students represented the Sunbury schools at the Hume Division Cross Country. Congratulations to Calan Bowman (6th), Kiralee Collings (6th), Tyler Collings (11th), Cooper Shoebridge (1st), Lara Turner (2nd) and Imogen Wardley on a fantastic effort. As a result of finishing in the top 10 Calan, Cooper, Kiralee and Lara went on to represent Hume at the Northern Metropolitan Region’s cross country yesterday, with all achieving great results in their age groups. Well done to all!

Finally, we look forward to seeing many of you at tomorrow night’s PTA Disco in the Gym between 6-8pm. A huge thanks to all of our amazing PTA volunteers who have organised this exciting event.

JSC Molly Foundation Pyjama Day

Gold Coin Donation

JSC have organised a Pyjama Day next Wednesday 26th June for the Molly Foundation, which helps to raise much needed funds for Epilepsy.

Please come dressed in your Winter Warm Pyjamas (Due to the weather its important to make sure all children wear appropriate PJ’s. ie, Long sleeve top and bottoms). Students will participate in indoor activities during recess and lunch so are invited to bring board or card games from home to play.

Please bring a Gold Coin Donation on the day.

Naomi and Sara in our Canteen are preparing Purple Cup cakes to sell on the day with all money raised going directly to the foundation. You can purchase a cup cake for 80c.

Please help us by supporting this special fundraiser.

From JSC

From the Office

Apologies to Charlize Lewis in 1/2W who received Pupil of the week last week. I incorrectly spelt your name 😊

Maths Challenge 11

The Chicken and Leg Problem
A chicken farmer also has some cows for a total of 30 animals, and the animals have 74 legs in all. How many chickens does the farmer have?

The answer to Challenge 10 is

Sue has 48 marbles and Lou has one and half times more which is 72 (48 + 24) which is a total of 120 marbles altogether.

Naomi and Sara our Kismet Kitchen Managers would like to express their gratitude for all the help over the past few months.

Our Winter Meal Deal ran smoothly with all our keen volunteers, we couldn't have done it without you. A total of 350 orders were placed for this deal, just to give you an idea of how many orders we put together on these special days.

Thank You

PTA DISCO

From Little Things Big Things Grow to Water of Life

3A

Planting and observing what makes living things survive.

Josh: Plants will die if their roots do not have enough space to grow.

How many boys can sit inside a square metre?

Making a square metre: We went out into the gallery to make square metres out of newspapers.

Researching the Water Cycle

Where does water come from?

Hayley: The rain comes from the clouds that formed from evaporation. Then the water drops to the dams and the lakes and the rivers. From the dams it goes through pies and taps for people to use.

Excursion to Melbourne Water Treatment Plant:

All grade 3’s went to Melbourne water at Werribee. I liked best the gigantic map with the sign that said, “no shoes”. I didn’t like the nasty smelly sewers.
